OMNIMETRIX
GLOBAL MONITORING + CONTROL

OMNI360
Service Tier Summary

OMNI360 Nova

Power Monitoring & Control

Named after the brilliant burst of a star, Nova represents the powerful foundation at the core of every OMNI360 deployment — giving you complete visibility and command over your critical power infrastructure.

Component	Monitoring	Control	Capacity
Backup Generator & Fuel	✓	✓	1
Rectifiers	✓	✓	Up to 5
Battery Backup	✓	—	Up to 3 Banks
Solar	✓	—	1 Controller

OMNI360 Horizon

Adds Environmental Monitoring & Control

Just as the horizon expands what the eye can see, Horizon broadens your operational awareness beyond power — extending your reach into the surrounding environment to keep your space safe and comfortable.

◆ ***Includes everything in Nova, plus:***

Component	Monitoring	Control	Capacity
Flood Sensor	✓	—	1
Smoke	✓	—	1
Temperature	✓	—	1
Humidity	✓	—	1
HVAC	✓	✓	1 Controller

OMNI360 Zenith

Adds Security

The zenith is the highest point in the sky — the peak of a full 360° view. Zenith represents total, all-encompassing protection, completing the OMNI360 vision with comprehensive security on top of everything below.

◆ ***Includes everything in Nova & Horizon, plus:***

Component	Monitoring	Control	Capacity
AI Security Cameras	✓	—	Up to 3
Access Control	✓	✓	Up to 2 Entrances
Security Siren	✓	✓	1
